“Rio and the Sky Soft team implemented a php/web front-end to a mySQL database for the Mobile Giving Foundation.

The project was confidential, mission critical, and required a great deal of expertise across a broad spectrum of disciplines. Sky Soft delivered on time, on budget, and were excellent communicators throughout the process.

As the project scope changed (as all projects do) Sky Soft was very accommodating and proactive in adjusting the spec and timeline to the change requests

I would highly recommend Rio and his team without reservation. Please message me with any specific questions you may have or for a more detailed recommendation.” March 9, 2011

Rionald is a very honest individual and has integrity. He never lied and always takes his words seriously. That is why he always gets repeat customers, and most of them are by word-of-mouth.

Working with Rionald is very enjoyable. I learned a lot from him in terms of management of the team and the management of the project itself. He has a lot of ideas but is always open to the team ideas. A very accommodating individual and always expects the best from the team. Highly recommended.” May 26, 2010

“I've owned a small web design company for a number of years and have subcontracted out reasonably complex back-end work to Rio and SkySoft Consulting a number of times. The professionalism, skill, and attention to detail that they bring to projects has made SkySoft Consulting a real asset to my ability to deliver a quality website for clients.

Rio and the team at SkySoft are truly consummate professionals, and that is what keeps me coming back to them when I know I need something done right. With every project I have worked with SkySoft on, they have always delivered on time, and on budget.

Their estimates are clear and specifications detailed so that you truly know what you are getting. Since our working relationship was quite literally across the country, it was nice to know how incredibly responsive and informed they kept me throughout the process of development. I could pick up the phone, or send an email, and know I would get a prompt response.

Over the years, I've worked with all sorts of entities - local companies, freelancers, and established firms - and SkySoft Consulting has proved themselves to me, as they will to anyone who hires them, to be a top-tier provider of services.

I absolutely plan to hire them again in the future, and can without hesitation strongly recommend them for any of your web-based design or consultancy needs.” October 20, 2009

Press Release

FOR IMMEDIATE RELEASE

Sky Soft Consulting Receives 2009 Seattle Award

U.S. Commerce Association's Award Plaque Honors the Achievement

WASHINGTON D.C., June 8, 2009 -- Sky Soft Consulting has been selected for the 2009 Seattle Award in the Computer Graphics Service category by the U.S. Commerce Association (USCA).

The USCA "Best of Local Business" Award Program recognizes outstanding local businesses throughout the country. Each year, the USCA identifies companies that they believe have achieved exceptional marketing success in their local community and business category. These are local companies that enhance the positive image of small business through service to their customers and community.

Various sources of information were gathered and analyzed to choose the winners in each category. The 2009 USCA Award Program focused on quality, not quantity. Winners are determined based on the information gathered both internally by the USCA and data provided by third parties.

About U.S. Commerce Association (USCA)

U.S. Commerce Association (USCA) is a Washington D.C. based organization funded by local businesses operating in towns, large and small, across America. The purpose of USCA is to promote local business through public relations, marketing and advertising.

The USCA was established to recognize the best of local businesses in their community. Our organization works exclusively with local business owners, trade groups, professional associations, chambers of commerce and other business advertising and marketing groups. Our mission is to be an advocate for small and medium size businesses and business entrepreneurs across America.

February 12th 2008

To Whom It May Concern:

I would like to hereby share my excellent experience with Rionald Soerjanto and the Sky Soft Consulting team.

During the process of creating and designing our new logo and website Rionald and his team made every effort to understand our company's philosophy and concepts. At first, I was a little concerned with the fact that Sky Soft had not yet developed an "equestrian" style website and would not quite understand our way of thinking and how to portrait us in an attractive manner to our very unique clientele. However, after many discussions and trials they really got it!

Out of all the team's qualities with the arts, design, style, etc... the most remarkable of all seemed to be their patience and eagerness to achieve exactly what we wanted. There were many changes on our part, new ideas half-way through and final editing's which made their job really hard and probably even frustrating, nevertheless they never allowed that to become apparent and always had a positive attitude towards it all fulfilling all our requests time after time. Their professionalism, promptness and friendly manner through out this process was outstanding. We are very happy with our website and have received numerous complements and great feedback!

On behalf of Northwest Equine Veterinary Associates and our staff I would like to sincerely thank Sky Soft Consulting for its hard work, understanding and expertise.

I would highly recommend Sky Soft Consulting for designing and developing a website and at this time even more an equestrian themed one!

Sincerely,

Chantal Rothschild, DVM ACVIM

TO WHOM IT MAY CONCERN

On behalf of The Webb Press Ltd in the UK, I would like to thank Rio and the team for an outstanding job in redesigning and executing the launch of my website.

Unfortunately I have previously had a couple of bad experiences – it is so hard for a non website professional to understand what is 'compliant' as far as acceptable website structures / mechanics and search engine listing payments are concerned.

One can (and I was) previously blinded with science and false claims.

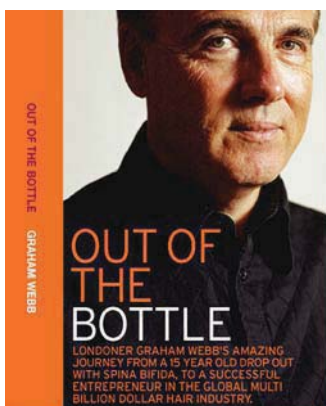

Rio and the team have been able to unravel previous mysteries and to also produce my new website that is clearer and simpler to navigate around.

It is not easy dealing with an eight hour time difference (London – Seattle) but Rio has always been accomodating in speaking to me 'out of hours' – if necessary - which has made our communications easier.

I would be happy to add any further information – just send me a message through my website !

Yours truly,

Dear Rio,

On behalf of the Board of Directors and our staff at the Bellevue Entrepreneur Center, we would like to extend a warm appreciation for your hard work, generosity, and professional expertise.

As a relatively new nonprofit organization, we rely on community-oriented partners to help us grow and expand so that we can continue to provide free business assistance to the small business community. Sky Soft Consulting has been vital in helping us reach our mission.

Our newly designed website has received very positive feedback from board members, partners, and clients alike. My staff and I are thrilled that we have a professional, service-oriented, user-friendly and informative website. I really enjoy the interactive calendar, the great new logos, having Pay Pal as a payment form, and the entire layout. One client said:

"I love the fact that everything is linked and connected and that there is a sense of continuity as you navigate the site."

A partner commented:

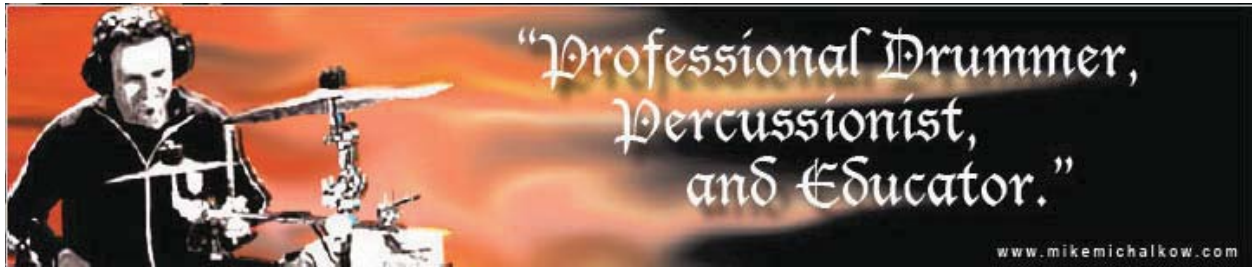

"I am so impressed with your website! It represents your leadership and BEC's services because it is professional and audience-sensitive."

The final product amazingly displays exactly what we had in mind.

Finally, in working with Sky Soft Consulting, I have noticed something special about you and your team: you are genuinely passionate about design and technology. Your passion is refreshing and will be a much needed component for businesses and organizations looking to start anew or to grow and expand. We have enjoyed working with you and your team. Again, thank you for everything.

Sincerely,

To Whom It May Concern

My experience with Rionald and Sky Soft Consulting has been incredible!

When I approached Rio to re-design my website, he was very excited and presented me with excellent ideas to increase my sales and build my business and teaching practice.

Each day he would send me prototypes of how the site would look, and I was thrilled! His approach was dynamic and very easy to navigate.

Once the website was up and running, Rionald was there every day to make sure I was 100% happy. I couldn't be happier! He was prompt, friendly and very professional in every manner!

Everyone who visited my new website has been thrilled by what the team at Sky Soft Consulting has done.

I thank you all for an excellent job!

To Whom It May Concern:

On behalf of the Lowenstein Law Office I would like to thank everyone at Sky Soft Consulting for providing such excellent customer service and the highest quality web development that has not only improved our web presentation, but has functionally improved our practice.

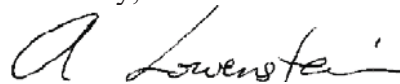

All the Sky Soft team seemed highly qualified and most pleasant and enjoyable to work with. I was most impressed and delighted by Sky Soft's staff's ability and care to understand my business process and offer insights to research and implement solutions that improved and automated our workflow. Your automated scheduling component and integrated forms have streamlined client consultations with an intuitive user-interface, saving us time and dollars! I was delighted by the effort and persistence of Sky Soft developers to *get the website just right*. You never cut any comers and went above and beyond the expectations of the project. I have never had such a positive experience before with any vendor, as with you, where I happily chose to pay an additional 33% stipend for all your efforts and the value received.

Law is a business like any other and our website is often our first customer interaction point for our clients to both learn and submit information and we are now proud of our professional and functional web presence.

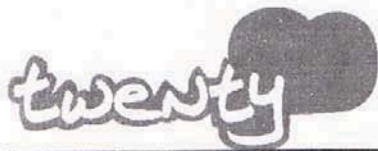

If any current or prospective customer would like any further details about Sky Soft Consulting, they are welcome to contact me and I would be more than happy to discuss further.

Thank you and good luck

On behalf of Twenty20 I would like to thank everyone at Sky Soft Consulting for providing excellent customer service and the highest quality of web development we have ever encountered.

After hiring and firing several different web building teams over the years the group at Sky Soft Consulting brought a professionalism and product quality we had not found in years of experience. I was impressed by their ability to first understand our problem, their ability to research several solutions, and finally execute on the most advantageous plan. Sky Soft never cut any corners and went above and beyond the expectations of the project. Our website is the most important customer interaction point for our business and we are finally proud to say that twenty20camera.com is a complete customer destination.

Dear Sir/Madam,

Media Lead LLC highly recommends Mr. Yosia Urip and Sky Soft Consulting for work at your company's project. Mr. Urip and his team have been extremely helpful with Media Lead since early 2003. Mr. Urip is a uniquely qualified individual, and at the same time is a most pleasant and enjoyable person to work with.

Originally from the Seattle University Science and Engineering Department's Computer Science program, a national leader, Yosia has been most hard working and helpful with Media Lead's technology and Internet initiatives. He has contributed in a number of important areas, including re-design of our web sites, building database and IT systems, and mobile web services, translation and localization services, database management, web development in HTML, ASP, and Java script. Noteworthy are Yosia's organizational skills and ability to step in and initiate projects independently with minimal need for direction.

If given the opportunity with your company, you will see why he and his team comes so highly recommended and is such a strong candidate for assisting with your company's IT and Internet development needs.

If you wish, I will be glad to answer any questions you may have relating to Yosia's work here at Media Lead LLC.

To Whom It May Concern:

I give my highest recommendation to Sky Soft Consulting. They perform the very best work in a very short period of time. They gave me an expedited schedule to build our website and kept with it, it was me who could not keep up with the pace of their work. Sky Soft performed all my edits and design changes almost instantaneously. We are very pleased and look forward to a continuous relationship in the future.

Very Truly,

Joe Young, J.D., Director
Eichler & Associates, Attorneys At Law

We were very pleased with the professionalism, dedication, and diligence with which your team, handled the Real Meals site.

As you know, this site had a critical time element as a part of it, and never once did myself or the rest of the Guiding Light Productions team feel that we may not meet our deadline due to shortcomings on the Sky Soft end.

Daily progress e-mails, along with very professional mannerisms and a keen concern for all the comments which we had, had made the entire experience very enjoyable, and our only regret was that you weren't working on this project from the very beginning.

Rest assured, we will be calling you again in the future for work which we have unfolding. In the year and a half which we have been in business, and of the dozen or so subcontractors and businesses we have worked with, Sky Soft has by far distinguished itself as a company which truly cares about its customers and their needs.
